

TRANSFORM A STACK OF TIRES INTO USEFUL SPACE

Patent Pending

Do you look at that stack of tires in your garage as wasted space? Now, the Tire Roo fits over any stack of four tires to create a great storage area. It has over two dozen pockets and loops to keep everything organized and in its place. Great for tools, car wash accessories, gardening equipment, brooms, hockey sticks, electrical cords, hoses and more. Adjustable straps between the three panels allow the Tire Roo to fit any size stack of tires. Also, each panel has a handle so it can be easily pulled on and off when it's time to change your tires.

Benefits:

- Turns dead space into useful storage space
- Also fits over 55 gal drum or large trash bucket
- Range of pocket sizes and loops to fit different sized items
- Machine washable
- Adjustable to fit any size tire

Dimensions:

- Fits 4 tires up to 27" diam.

Materials:

- Ballistic Nylon - 600 Denier Polyester
