

Tire Tote[®] WHEEL FELTS

WHEEL FELTS PUT THE PADDING WHERE YOU NEED IT!

The Tire Tote Wheel Felts are soft felt pads that protect tire rims from scratches and nicks that are associated with the transportation and storage of seasonal and event tires. The Wheel Felts simply slide into the Tire Tote product and clip in place for a secure snug fit. In addition, the Wheel Felts create a fully enclosed tire bag, adding another level of protection for clothes and your vehicle interior while transporting your tires.

Benefits:

- Protects rims from nicks and scratches
- Additional level of protection from tire and brake residue
- Durable .5" thick felt pad
- Easy to install and fits all Tire Tote bags
- Large ventilation hole

Kit Includes:

- 2 Wheel Felts

Dimensions:

- Pad size 1/2" thick x 20" Dia.

Materials:

- Industrial Felt w/Grosgrain Edging
